Weaver Wonderings:

January 25, 2018

Why is social media important to a non-profit? Social media is important to a growing non-profit like Meals on Wheels because of change. While some methods of communication are the same, (thank goodness we still don't rely on Pony Express), some methods change. It is our responsibility to pass the torch to the next generation or the life of Meals on Wheels dies with our current group of drivers. That is not our plan and we have been trying to spread the word through our social media avenues. Right now, we see a great response and we want to continue that work. How can you help?

1. If you are using FB, Twitter, or another form of communication, connect with Meals on Wheels. (The link is at the bottom.)
2. Ask your family to like our page and keep connected.
3. Complete the "Headlight on the Driver" survey so we share your story through social media. Here is the link on how to complete that survey...
