

MOW News and Notes for Volunteers

Weaver Wonderings:

August 9, 2018

A HUGE thank you for stepping up and getting last week covered and making it smooth for Kelly! I also had a wonderful vacation seeing the beautiful mountains of southern Colorado!

Transitions - August is a time of transitions as we have students transitioning to new schedules. If you would like to switch days, roles, or even routes, this is the time to talk to me. We will all get settled for the semester but this is the transition time. I am in need of at least one packer (Friday) and a permanent sub on Thursday. Just let me know your wishes and we can make it happen!

New Drivers – This week I have trained 4 new drivers who will be joining our family. Peggy C. (Friday Driver); Janie S. (Sub); Deb B. (Sub); and Bradie B. (Friday). WELCOME! Continue to encourage your friends to ride along with you so we get our routes filled and only have to find subs for you.

The Passing of a friend of MOW - Last week our friend, Margaret Berends, passed away after a recent illness. Margaret was a great friend of MOW as she was the Volunteer Coordinator many years ago and then continued to drive for MOW on Wednesdays until about a year ago. Her husband, Max, came by yesterday and he is doing well but adjusting. Margaret was especially helpful to me as we prepared for the 45th Anniversary and prepared many summary notebooks to capture the history of MOW. Thank you, Margaret for all you gave to MOW! ♥

Drivers Needed: (please call 886-7554 or email if you can help)

Monday, Aug. 13– Need 1 driver

Tuesday, July 14 – Need 3 drivers

Wednesday, Aug. 15 – Need 3 drivers
