

MOW News and Notes for Volunteers

Weaver Wonderings:

October 4, 2018

FALL HAS ARRIVED! Did you notice the trees today? They seemed to have turned overnight and I love when they first start to change, those reds, yellows, and orange mixed with the green is just a masterpiece of beauty! And yes, I know that I'm getting excited about DEAD leaves but every season (or stage) has it's beauty! We can choose to see it as beauty or dead leaves... how will you choose?

Mature Living Festival - Friday, October 12

I want to invite all of you to the Mature Living Festival at Parkade Plaza from 9 AM – 2PM. I would love to have you come sit with me at the MOW booth, walk the displays, and watch the events of the day. This community event is sponsored by Service for Independent Living and is a great opportunity for seniors to learn about all the options available here in Columbia. In addition to seeing lots of booths, you can get free health screenings, flu shots, Medicare information, estate/financial planning, etc. There is also lots of fun entertainment and usually the MOW table is right by the stage! Come and enjoy the day as we spread the news about MOW!
