

MOW News and Notes for Volunteers

Weaver Wonderings:

February 7, 2019

Winter Temperatures didn't stop us BUT the ice did! Just a reminder if the weather is questionable, always watch the news, watch the MOW Facebook page, or call and listen to the message on the MOW Office phone. Those are the first steps if we have to cancel. We try not to cancel but when the University cancels it does seem like an indicator of issues. BRING ON SPRING!

Valentine's Day and STRAWBERRIES - We traditionally make a big deal on Valentine's Day so if you would like to help us dip strawberries for each client, come on **Wednesday, Feb. 13** at 11:30ish and we will dip them for our clients delivery on Thursday! YUMMY!
