

MOW News and Notes for Volunteers

Weaver Wonderings:

June 6, 2019

Health Department and Meals on Wheels - As the news has focused on health inspections recently, I have had a few questions regarding our health inspections. Yes, we are inspected by the health department twice a year. We recently had a change in our category and they now qualify us as a delivery service rather than a food provider. That decreased our inspections from 3 times a year to twice. Our Friday drivers keep us in good standing as they wipe the delivery bags out every week and let them air over the weekend. All other drivers should wipe out their cooler when they return if something has spilled during your delivery. Also, please do not store the delivery bags on the floor when you bring them back. They should be on the shelves provided and not on the floor. We have always had a clean inspection with no sightings and that is just what we want. 😊

Summer Intern - *Have you met Devon Kutz yet? He is our summer intern (here in June) and drives on Monday, Thursday, and Friday. He is from St. Genevieve and a Health Science student at Mizzou. Welcome, Devon!*

Drivers Needed: (please call 886-7554 or email if you can help)

Monday, June 10 – Need 1 driver

Tuesday, June 11– Need 2 drivers

Wednesday, June 12 – Need 1 driver
