Thank you for being their connection to the world! We have concluded our 2 weeks of monitoring and we have connected with almost all our clients... we will be calling about 15 of them next week just to make sure they are fine. Everyone is getting their food everyday so we are just hoping to have a conversation together! Thank you for keeping them connected!

September Procedures - It seems we are getting used to our ‘outside’ delivery so let’s review our procedures so we are all clear with our Covid world.

1) Packers come from 10:30-12:30 and help get everything ready behind the scenes! Treasured Volunteers! 😊
2) Drivers come from 11:15-11:30 and pick up their delivery bags for their route. You are doing an awesome job of waiting and coming up on the steps as your bag is delivered to the back door. Call if you are going to be after 11:30. Great job! 😊
3) Write notes on your route sheet so if Kelly needs to follow up, we can call you or the client.
4) When at the client home, put the food in the cooler and then ring or knock if they are not standing waiting. Keep your 6 ft distance if the client is there and wants to visit and always have your mask on for delivery. Use the white bags or any supplies you need that assist with keeping them safe. You are delivering food and a conversation! Both critical! 😊
5) Return the delivery bag to the back door and please put them close to the door so our packers don’t have to come outside and then be RE-SCREENED to enter the hospital again.
6) If you have any questions while out on the route, please call 886-7554 and Kelly will help you solve any problem.

While this method is not our first choice, we are still fulfilling our mission – providing hot meals to those in need!

Traveling in September? Please send me an email if you need to be gone. Since I send out the request for volunteers on Thursday, it is best to send in your changes BEFORE Thursday. That prevents me from individually calling volunteers who may or may not be available. THANKS!
