## January Review of Procedures

We have changed so many procedures so I think it is good to review what our procedures are right now. Arrival time for drivers is between 11:00-11:30 outside with your yellow number to help us have your delivery bag ready when you get out of your car. The cold weather makes us want to be efficient. When you arrive at your client house, our first option is to put the food in the cooler that is sitting out and then ring the bell or knock to let them know their food has arrived. If a client wants to visit outside, that is their call and you can visit in mask and outside. If you find old food in a cooler, throw it away and call Kelly at 886-7554. She will follow up to see what is going on with a client. If you arrive and there is no cooler, knock or ring to see if client is available. If no one is available, call Kelly at 886-7554. When you are done with your route, bring the cooler back to the MOW office and sit it close to the outside door. MISSION ACCOMPLISHED!

## Changes for Drivers

Please send me an email if you need to switch days of driving. Our students will be returning and they have switches so January is a time of transition and we can make it happen. We also have a need for an additional packer on Wednesdays and Fridays if that is something you would like to do.

## Traveling?

Please send me an email if you need to be gone. Since I send out the request for volunteers on Thursday, it is best to send in your changes BEFORE Thursday. That prevents me from individually calling volunteers who may or may not be available. THANKS! (And related to COVID... please let me know once you are put in quarantine when you can come back.)
